

LE STUDIUM RESEARCH FELLOWSHIP

Attached a call for application concerning fellowships in France (region Centre-Val de Loire) in the framework of H2020 European Research fund. The deadline is February 9th, 2017.

LE STUDIUM RESEARCH FELLOWSHIP* allows a foreign researcher to work in one of the labs in the host region (Centre-Val de Loire) for a one- year period.

External Applications are open to researchers who do not live in France and are not French citizens . The fellowship offers researchers the opportunity to work in one of the 40 labs of the region.

The call is open to researchers from various fields.

Fellowships for the 2017 campaign allow researchers to come and work in the lab from September 2017 to June 2018

You'll find more information in the attached file "Guidelines".

An example of the application is also attached but **please note that you should fill in the application on line on STUDIUM website. Application by mail would not be eligible.**

* SMART LOIRE VALLEY Fellowships are co-funded by EU through H2020 , Marie Skłodowska-Curie, contrat n° 66.
